

The Star One Difference

Star One is the better banking alternative for your employees. Unlike traditional banks, we are a cooperative financial institution owned and controlled by members, not external shareholders. Each member is a co-owner who shares in the profits through:

- High-yield savings that consistently outpaces the national average, with no tiers or teaser rates
- Free checking with rewards
- Low rates on auto, mortgage, and solar loans
- Affordable private student loans and refinance programs
- World-class Visa credit cards with rewards
- Extremely low or no fees on services

#1 in Member Benefits

Since 2015, America's Credit Unions (formerly CUNA), through its Benefits of Membership Award, has recognized Star One quarter after quarter as the #1 credit union in the country for providing the highest direct financial benefits to our members.

★★★★★ for Safety

Rated Superior with five stars based on safety and financial soundness by BauerFinancial.
