“Improve each member’s life by delivering valuable financial services.”

Star One’s Mission Statement
Star One Credit Union is one of Silicon Valley’s largest, member-owned financial institutions. We’ve been serving Santa Clara County for over 65 years with more than 116,000 members worldwide. With assets over $11 billion, Star One is ranked 16th in total assets among over 5,700 credit unions nationally.

Star One is a credit union focused on providing long-term financial solutions to all of our members. Our mission is to improve each member’s life by delivering valuable financial services.

In the last year we faced new and ongoing challenges from the pandemic, and the resulting economic impact was felt by both Star One and those we serve. Still, we persevered, fueled by the resilience of our members and staff, toward our mission of improving each member’s life by delivering valuable financial services.

With decades of combined experience, the Board of Directors apply their diverse expertise as unpaid volunteers to the service of Star One and its members. Our approach in managing the Credit Union is measured, with a careful balance of offering up-to-date products and services while not being impulsively swayed by trends. This strategy has allowed us to not just endure difficult economic environments, but actually thrive.

It has been over a year since we expanded our membership to neighboring counties around Santa Clara County. We see continued growth in these new areas and attract new people who enjoy the value of banking with Star One. And, this last fall, we relocated the El Camino Branch to a new convenient and accessible location to serve even more members in the Palo Alto and Los Altos area.

As we grow, it’s important for us to examine how well we live up to our Mission. Regularly, members are asked to participate in Quality Member Surveys, the Mystery Shopper Program, and other programs to evaluate the service they receive. Star One’s website has a function to rate and discuss members’ experiences. Our scores remain high across the board, and we value every opportunity to enhance our products and services even further.

Members can consider Star One a partner in achieving financial fitness. This year, many members joined online educational workshops we offered via live webinars led by experts and specialists. Topics included family money management, identity theft, understanding credit and credit cards, home buying, estate planning, and IRAs. For on-demand learning, the Star One website has abundant resources for financial education and counseling services on the Learning Center page.

We are a proud supporter of local community organizations. In this Annual Report, we highlight HomeFirst™, an organization serving Santa Clara County. In 2021, we donated $900,000 to 63 local community organizations, highlighting our belief that giving back to the communities we serve benefits us all.

Challenges are almost always a given, and this year, we overcame many while moving the Credit Union forward. I am excited to see what successes we will have together in the coming year.

PRESIDENT’S REPORT

Star One’s mission to improve each member’s life by delivering valuable financial services remains the driving force behind each change and improvement we undergo. This last year we made remarkable enhancements to better serve our members and keep our standing as one of the strongest credit unions in the nation.

We successfully moved the El Camino Branch and opened the doors of the new San Antonio Branch in Los Altos, centrally located and easily accessible to many of our members in the area. All Star One ATMs were replaced with state-of-the-art machines at each branch, the work sites of member companies, and the administration office.

As members increasingly turn to our convenient digital channels for banking and research, we made enhancements there to meet the rising needs. We launched the Glia digital communication platform on www.starone.org, enabling live text, audio, and even video chat directly on the website. And with the launch of Auto Loan Refinance Pro, members with auto loans at other financial institutions can quickly see how much money they could save by refinancing with Star One, with a streamlined and fast-tracked application process.

In the aftermath of the pandemic, we continued to adapt to keep members and employees safe while providing the same high level of service. We made changes in the branches to keep them open, and many of our employees continued working from home. Throughout, we were also adjusting and improving processes to ensure members’ expectations were met and exceeded.

We had an opportunity to help many members during a critical time of need. Star One deferred payments on 2,195 consumer and real estate loans with total balances of $291 million. By year-end, payments have resumed on all but three loans, or the loans have been paid off.

First-time homebuyers are offered special programs to help them achieve their dreams of homeownership. Through December 2022, we are offering an appraisal fee refund of up to $800, saving borrowers even more money. We continue to offer valuable refinance programs with lower rates than many lenders. Alternatively, our rate modification program allows members to take advantage of low rates without the lengthy refinance process, and without having to “start over” on their loan term.

In 2021, we granted or modified $3.13 billion of real estate loans and $418 million of automobile and other consumer loans; the most in Star One’s history. Our charge-off to average loan ratio remained low at 0.02%. Savings, checking and other deposit accounts grew to $9.54 billion. We also welcomed 7,312 new members.

For the seventh consecutive year, the Credit Union National Association honored Star One with the Member Benefits Top Performance Award for providing the highest direct financial benefits to its members. CUNA estimated that Star One provided $73,314,031 in direct financial benefits to its members during the 12 months ending September 2021. These benefits are equivalent to $1,347 per member household. This designation is one we are proud to have and is an important indicator of our success in upholding our Mission.

We’ve experienced tremendous growth in many areas while maintaining stability and financial strength. Membership is increasing from the new counties surrounding Santa Clara. Now that Star One has reached over $10 billion in assets, we are subject to additional regulations and oversight. This is a milestone we are extremely proud of and we are taking all the necessary steps to maintain compliance, and to be prepared for even greater growth ahead.

Star One’s mission to improve each member’s life by delivering valuable financial services remains the driving force behind each change and improvement we undergo. This last year we made remarkable enhancements to better serve our members and keep our standing as one of the strongest credit unions in the nation.
Star One achieved another strong year financially. The Return on Assets for 2021 was 0.77%, adding a record $82 million to our capital reserves. We are able to do this in a challenging interest rate environment by keeping our expense ratio at a near industry low of 0.59%. Our Net Worth ratio remains strong at 11.15%. Our federal regulator considers a credit union with a ratio of 7.00% or higher to be well-capitalized.

Membership increased 2.91% to 116,688. A total of 7,312 new members joined Star One during 2021. More than 63.9% joined from our community charter in Santa Clara and other counties, another 33.3% joined through family members, while 2.8% joined through member companies. Over the past few years we have seen very strong growth in new members coming from Santa Clara County at 47.2%.

Deposits grew $920 million, up 10.67% from $8.63 billion in 2020 to $9.54 billion in 2021. Money Market Savings Accounts grew 12.3% to $8.17 billion. Certificates of Deposit decreased 11.6% to $349 million. Star One continues to pay higher deposit rates than most other financial institutions and does so without the “gimmick” products many other institutions offer.

Loans grew 4.97%, to $4.79 billion. Auto loans decreased, down -1.32% or $3.56 million. Consumer loan growth was -1.22%. Consumer loan delinquency remained low at 0.27% in 2021. Many new and existing members took advantage of Star One’s low real estate loan rates as home prices continue to increase. Total first real estate loans increased 4.96%, up $185 million for the year. Our loan portfolio continues to perform much better than other credit unions and banks both locally and nationally with a net charge-off to average loan ratio of 0.02%. Our investment portfolio provides strong returns while maintaining safety and security. Star One does not invest in subprime debt.

Star One continues to thrive and provide valuable financial services to our members throughout California and the nation. Our loyal membership and their extensive use of products, services and automated delivery channels provide the resources for Star One to be one of the most successful credit unions in the nation.

The Supervisory Committee’s primary responsibility is to assure that Star One has effective internal operating controls and that the Board of Directors’ plans, policies and procedures are being properly administered by management. The 2021 internal audit programs consisted of an extensive evaluation of internal procedures and policies as well as the hiring of outside audit firms to provide third-party evaluations of selected Star One business practices.

Internal controls are in place to ensure the Credit Union’s assets are protected and to verify the accuracy and reliability of Star One’s accounting data. They also promote operating efficiencies, provide safeguards against fraud, and ensure compliance with prescribed managerial policies, established procedures, and applicable regulatory requirements. During 2021, the Supervisory Committee directed a comprehensive ‘risk-based’ audit program. Specific audit techniques and methods were applied to operating processes selected for their risks across all of the Credit Union’s products and services. The Supervisory Committee contracted with specialized external firms to perform independent reviews.

Based on the reports from ongoing internal audits and the audits performed during the year by third-party firms, the Supervisory Committee reports that Star One is operating in a sound manner. Moreover, the Credit Union’s internal controls are effectively maintained to reasonably ensure that the Board of Directors’ plans, policies, and procedures are being properly administered, and that the financial results are fairly and accurately represented in communications to the members.

“During 2021, the Supervisory Committee directed a comprehensive ‘risk-based’ audit program. Specific audit techniques and methods were applied to operating processes selected for their risks across all of the Credit Union’s products and services. The Supervisory Committee contracted with specialized external firms to perform independent reviews.”

Since 2014, Star One has partnered with HomeFirst, a leading provider of services, shelter and housing opportunities to the homeless and those at risk of homelessness in Santa Clara County. HomeFirst confronts homelessness by cultivating people’s potential to get housed and stay housed. Currently, Santa Clara County has the highest percentage of unsheltered homeless veterans of any area in the U.S. At the Boccardo Reception Center, HomeFirst offers the most comprehensive set of services for homeless veterans in the County, including mental health counseling, employment placement, emergency shelter, transitional housing, and support for families of veterans who are at risk of homelessness.

In July 2021, Star One contributed $15,000 to HomeFirst, and another $10,000 in November for a total of $25,000 in contributions for 2021. The strength of the people in our community inspires us to continue serving. Star One stands with the community and is committed to helping families and individuals to thrive.

“With 40 years’ experience, we’ve learned that everyone has the potential to get housed and stay housed. We relentlessly focused on eliminating barriers to housing and creating stability for everyone we serve.”
